FATHER FACES SERIOUS CHARGE

Russian Alleged To Have Sold Daughter Into White Slavery

Several arrests have been made in Maui as a result of the investigations of United States Attorney Brockens there recently and this morning one Korean Kim Young Sik was given a hearing before Commissioner Judd and bound over for the Grand Jury.

The whole matter is concerned with Theodore Kollenshenko and his daughter Maria, whom he sold for immoral purposes, both of whom have been arrested on Maui upon wireless instructions of Marshal Hendry.

The Korean bound over this morning took the girl for a time and the charge against him is concealing an alien woman for immoral purposes. He can be fined \$5000 and imprisoned for two years should he be found guilty upon trial.

Sakai, a Japanese, has also been arrested on instructions of the Marshal by wireless as he had the girl for immoral purposes for a time and two deputies will leave tomorrow morning from the Marshal's office to bring the three here for an investigation and hearing before United States Commissioner.

The father of the sixteen year old girl is held on two counts and should be found guilty by the court it will go hard with him.

The arrests made this morning are a result of the examination of two witnesses who testified to the manner in which the young girl had been passed on from one person to another.

It is reported that her father was to have received \$500 for her from the Korean who is now held for the action of the Grand Jury but that the Korean changed his mind and so the girl was passed on to the Japanese.

The prisoners will arrive here Saturday morning and will probably be given a hearing at once.

VASILIEFF WAS RELEASED TODAY

Four Russian Trouble Makers Are Now Free

This morning at seven o'clock the Russians Vasilieff, Kurosh, Blott and Suerbely were released from the County prison, where they have been serving a three months' sentence on a charge of vagrancy. The men had posted to pay also and the money to the amount of \$14 was sent in last night to the jail by friends of the men who some months ago were so active in the riot at the police station.

Jailer Asch gave the men some good advice before they were released this morning, and he told Vasilieff that the best thing he could do would be to get work and stick to it. There appears to be very little hope that the Russian will do this, however, and as Sheriff Jarrett will stand for no loafing around the town, it is probable that Asch will see some more of the "leader" before he leaves the country.

One other Russian was turned loose this morning, but the cause of his imprisonment was threatening language towards his wife. He, too, served three months in jail and went off with Vasilieff towards the little camp as soon as released.

PARTY WARNING GIVEN ANDREWS

cinct who want unbossed politics in their precinct.

"I am told that Andrews has made such a threat," said one of the Manoa Republicans this morning, "and I am also told that he charges us with trying to disrupt the Republican party so he would have us all brought to time by Alexander & Baldwin."

"I don't think Manoa can be swung by either a threat or a promise from Andrews, nor by Alexander & Baldwin, if that powerful commercial organization takes the side of the Andrews political game."

"There are some with whom Andrews has been conferring who want to compromise so that Andrews can save his political neck, and I have been told he is ready to throw Buf-fandeau overboard if he is allowed to stay on the business men's ticket of our precinct. Andrews showed his hand in the first precinct election, and we intend to fight, because we

DILLINGHAM WAS NOT THERE

Figured In Imaginary Conference At Hongkong

Did Alfred Findley Thayer, erstwhile forester, author, newspaperman, autoist, clubman, specialist and bon vivant who left Honolulu the first of the year and started the tranquil and placid business community of Manila by stirring up the real estate barons, meet Walter Dillingham at Hongkong, China, but a few weeks ago as he is reported as doing through the columns of the Manila Times? If so, then Mr. Dillingham who has been attending to the regular routine of business at Honolulu all this time would like very much to get a line on his "double."

Dillingham returned from his honeymoon some months ago and has remained at Honolulu ever since.

In the meantime Thayer is engaged in the laudable occupation of hustling the otherwise sluggish East and incidentally attempting to secure options upon large chunks of Philippine real estate that might be considered suitable for the cultivation of sugar.

If Thayer met and held a "conference" with Walter Dillingham or even any member of the Dillingham family within the confines of the City of Victoria on the Island of Hongkong, then the former disciple of Pinchot, writer of fiction and assistant to the census bureau must have held high converse with a member of the Dillingham interests in the spirit and not in the flesh.

Mr. Dillingham appears quite positive that he has not made any flying trips to the Far East or Hongkong within the past few weeks. But, be that as it may, let the Manila Times tale suffice what might have happened had Thayer and Dillingham have really met on the rocky and precipitous slopes of the Island of Hongkong.

The Times of July 5th says: "As the result of a conference at Hongkong between Mr. Dillingham of Honolulu and Mr. Thayer, who has been here for some time representing the Dillinghams, it is understood that the purchase of the Calamba estate will be proceeded with. On negotiations, conducted here by Mr. Thayer, the Dillinghams took a lease, with right to purchase, of the Calamba estate, and it was the intention to shortly conclude the purchase. Contracts were entered into for a considerable amount of adjoining property and it was the intention of the Dillingham company to acquire a large modern sugar plantation and a modern sugar mill."

The objections made at Washington to the sale in blocks of portions of the friarlands halted the negotiations and for a time there was a possibility that the company would abandon the deal and withdraw entirely from the country. There was extended discussion at Washington but no action that would in any way interfere with the transaction was taken by Congress.

It is understood that counsel for the Dillingham interests examined the transaction and gave them the opinion that they could proceed without difficulty. The younger Mr. Dillingham has been on tour of the world, and Mr. Thayer, local representative, joined him at Hongkong several days ago. They conferred on the proposition and it is understood that they have decided to proceed with their original plans.

The deal is a highly important one for the Philippines because it means the expenditure of a large sum of money, the employment of a great number of men and much for the development of the sugar industry of the islands.

Judge Andrade gave a decision this morning in the Brown malicious injury case that arose through the defendant pulling down a sign board that Davis, another resident of Waiawa, had erected on his own land. Brown was fined \$1 and costs and the matter will probably go up to the higher court for final settlement.

A short circuited electric light wire caused a crowd to gather at the corner of Emma and Beretania streets last night, and as the wooden pole had caught fire, the chemical engine from the fire station turned out and extinguished the blaze.

***** know now the kind of politics Andrews stands for, and we want none of it."

Another Manoa Republican stated this morning, "We shall never compromise with Lorin Andrews. The political jobwork that Andrews did in our precinct has disgusted as well as surprised the people of our precinct, and Andrews' attempt to Shanghai the Republican organization in the Manoa precinct won't go."

"Andrews will be defeated in his own precinct, unless he sees it coming and moves out. He played his police-protected-ugly politics at one precinct meeting, and this Shanghai business has got to go."

NOTHING SO GOOD

IF A BURROUGHS ADDING MACHINE WAS NOT RELIABLE, TWO-THIRDS OF ALL OF THE BANKS IN THE UNITED STATES WOULD NOT HAVE IT IN OPERATION. IF THE MACHINE WAS NOT TO BE DEPENDED UPON FOR ACCURACY, IT WOULD NOT BE A PART OF THE OFFICE EQUIPMENT OF SO MANY OF THE BUSINESS HOUSES OF HONOLULU AND ELSEWHERE.

THE BURROUGHS IS CLOSELY RELATED TO THE NATIONAL CASH REGISTER AS AN OFFICE HELP. ITS MISSION DIFFERS SLIGHTLY, FOR WHERE THE FORMER IS A TIME-SAVER, THE LATTER IS A MONEY-SAVER IN THE HANDLING OF CASH. ADDITIONS ARE AS SIMPLE AS A-B-C WITH A BURROUGHS. THEY REQUIRE NO CHECKING; NO GOING OVER TO SEE IF THEY ARE CORRECT, FOR WHEN IT GETS THROUGH A COLUMN, NO MATTER THE DIMENSIONS, ONE MAY DEPEND UPON THE CORRECTNESS OF THE WORK.

THE NATIONAL CASH REGISTER PRACTICALLY ELIMINATES DANGER OF MISTAKES IN MAKING CHANGE. IF THE CASH IS SHORT OR OVER AT THE CLOSE OF THE DAY, THE RECORDS MADE BY THE INDIVIDUAL ENTRIES TELL WHO MADE THE MISTAKE, AND WHEN.

THERE IS VERY LITTLE CHANCE FOR A BURROUGHS OR A NATIONAL TO GET OUT OF ORDER. SHOULD EITHER FAIL IN ITS DUTY, WE HAVE AN EXPERT WHO WILL GIVE THE MACHINE IMMEDIATE ATTENTION, AND THERE WILL BE NO LOSS OF TIME, NO NECESSITY FOR GOING BACK TO THE OLDER AND UNSAFE METHODS. WE WOULD LIKE TO TALK OVER THE ADVANTAGES OF THESE PARTICULAR MACHINES WITH ANYONE INTERESTED.
